

BEHSHAD GHASSEMI

ghassemiben@gmail.com 571-286-7016

SUMMARY

Versatile professional with 3+ years in high-volume technical support and customer service, complemented by web development skills from full-stack bootcamp training. Proficient in troubleshooting complex issues and building user-centric applications using JavaScript, React, HTML, CSS, Node.js, Express.js, and SQL. Recognized for effective communication, collaboration, and fast learning to enhance user experience and operational efficiency in dynamic environments.

EXPERIENCE

- ❖ Technical Support Representative, Metronet Jul 2024 — Current
Remote
 - Respond to 100+ daily live customer inquiries via phone, chat, and email, determining issue scope professionally, and documenting interactions for seamless hand-offs.
 - Troubleshoot modem/router and ONT systems using backend tools, achieving 95%+ first-call resolution, and reducing truck rolls by 30% through proactive provisioning and resets.
 - Resolve voice service issues, including voicemail password resets, while maintaining high customer satisfaction, and preventing escalations in a fast-paced environment.
 - Review and approve truck roll requests from new hires, providing coaching on troubleshooting best practices to reduce unnecessary dispatches and improve first-call resolution.
- ❖ Customer Support Representative, Branch Messenger, Inc Jun 2022 — Mar 2023
 - Resolved client inquiries via email, chat, and phone using Zendesk and Slack.
 - Identified trends in support tickets, leading to product enhancements and 25% reduction in resolution time.
 - Troubleshoot app issues, documented patterns for future reference, and collaborated with teams to improve user satisfaction.
 - Guided users through app navigation while ensuring adherence to company policies.
- ❖ Member Support Representative, ID.Me Aug 2021 — May 2022
McLean
 - Provided efficient services to over 500 customers weekly via email and video chat.
 - Monitored user-identified issues, forwarding deficiencies to relevant departments.
 - Verified member identification through strict adherence to KYC verification procedures.
 - Reported issues, concerns, and trends to management while assisting in playbook updates.
- ❖ Swim Instructor/Lifeguard, OakMarr RECenter May 2014 — Apr 2020
Vienna
 - Demonstrated water safety and taught proper swimming skills and techniques, while creating tailored private and group interactive swimming lesson plans for a variety of levels and ages.
 - Evaluated student progress and provided recommendations to improve skills and techniques.
 - Enforced rules and regulations to mitigate accidents, while conducting rescues and administering first aid on an as needed basis.
 - Led and managed swim classes of up to 10 children, maintaining clear communication with students and parents to ensure a safe, positive, and high-quality learning experience.
